I've competed eleven times in bodybuilding and follow what I call The Formula for Success: extend yourself, go the extra mile only winners travel! Your products, like Ultra Fat Grabber II and Ultra Liquid Liver Extract make that mile easier to travel, and it all comes together much more quickly when I use them.

Thank You,

Ivan Dahl

Another one of our many satisfied customers is Sandy Smith winner of the 1988 World Classic Masters Body Building Championship in San Antonio, Texas. Sandy had tried several different lines of supplements only to discover that they did not live up to their expectations, until she was introduced to the Ultra line. At that time Sandy was a 41-year young energetic mother of four children. Though the routine use of Ultra's Foundation Kit during her competition workouts, won her first place in the 1988 World Classic Masters Bodybuilding Championship in San Antonio, Texas. She was so impressed by her results using the Ultra line that she wrote us saying:

To my amazement, my final weeks of training were unbelievable. Not only did I maintain my strength, but in some areas my strength actually increased even during the last week! "I honestly believe Ultra's Foundation Kit made a big difference in my appearance. The end result was bringing home first place. "Dedication, hard work and Ultra's line of products can lead you on your way to becoming a champion, too. "

Thanks for your support,

Sandy Smith
